Notice is hereby given that Don L. Holland, a citizen of the United States, having on the 12th day of January 1900, discovered a trace of mineral varying rock and quartz containing gold, which vein I have named the 'Holland.' The source of the vein is east of west so that I claim 100 feet west of the discovery monument, on which the notice is posted. I claim 100 feet east of the monument, west of the center of the vein. That part of the claim is located in the Happy mining district, Baker County, Oregon. The discovery monument is a post 50 feet west from and 100 feet east of the vein, and is bounded as follows, to-wit: Beginning at the discovery monument, thence running 1,480 feet West 1,300 feet South 1,300 feet North 1,300 feet West as bounded on the East by the Hunter mine and on the North by the Harper mine.

Statement.

State of Oregon,
County of Baker.

Filed for record:
I, T. L. Raydale, of the County of Unkilla,
State of Oregon, on or about the 20th day of June
April 15, 1888, went from my home in Oregon City,
with Ambrose Johnson, Mr. L. Hendryx
and two others, who Mr. Johnson had to help him to assess the work on the
Tennessee & Nashville (2 claims on the land
value of North Powder in Baker County, Ore)
we were all busy for about one and
half days working on the road cutting
fallen timber, rolling stones and filling
cracks to make the road passable.
Mr. Hendryx and myself also spent a
short time on working on the claims
and Mr. Johnson and his team
and his daughter as cook were left
there by us to do assessment work as Mr. Johnson stated to me that was
the purpose of his being there and I
truly believe this to be a fact as he was
provided with tools and provisions to do
the same. And I truly believe all the
above statements to be true.

Pho to certify that the undersigned, having complied with the laws of the United States, do, on the 18th day of May, 1900, record and set up the corner and center stakes of the South Pole Quartz Claim, in conformity with the original location as located on Nov. 24th, 1863, by Alexander Barlow and recorded on page 1, book 4, of Sections of Quantity Claims in the Recorder's Office at Baker City, myself acting in behalf of and for the benefit of Alexander Barlow and T. A. Storey for the purpose of defining the boundaries of said South Pole Claim, that they can readily be traced on the ground, the old location monuments having been more or less obliterated in the course of time.

Proof of labor for the South Pole Quartz Claim are recorded in the Recorder's Office in Baker City, for the years 95, 96, 97, 98, and 99.

The claim is situated to the east and north-east of the Town of Baker, Baker County, and described as follows:

The north center and first base, 80 degrees East, a distance of 800 feet from the hinge at the crossing of the Cracker Creek and the North Pole Mine Road, which first is also the south center, and first stake the tole line runs south 20 degrees West for a distance of 1500 feet to a post marked south center and stake South Pole Quartz Claim.

From the north center and post the north and line runs East for 300 feet to a second stake, then south 20 degrees and stake South Pole Quartz Claim.

From the south center and post, the south and line runs East for 300 feet to a second stake, then south 20 degrees, and stake South Pole Quartz Claim, which stake is also a corner of the Evans Quartz Claim.

The evidence of the same is hereby verified by setting the said monuments.

Amended Location of the Evans Quartz Claim.

This is to certify that the undersigned was on the 11th day of May 1900, removed and set up the end and center stake of the Evans Quartz Claim which was located on the 1st day of September 1894 by Thomas Evans, myself acting in behalf of and for the benefit of said location, and of May 1894, Thomas Evans, with the purpose of defining the boundaries lines of the said Evans Quartz Claim in conformity with the original location. That they may again be readily traced on the ground.

The location marks having become more or less obliterated, the course, time, and proof of labor for said claim for the years 1895, 1896, 1897, 1898, 1899 have been recorded in the recorder's office in Baker City.

The Evans Quartz Claim is located in the north east of the town of Brune, Baker County and its boundary lines are described as follows:

The north center and stake of the claim is distant about 800 feet in a direction S. 80° E. from the bridge at the crossing of Little Cracker Creek and the North Pole Mine Road, from the south center end post, which is marked as such, the south center line bears N. 20° E. for a distance of 1500 feet to a tree marked north center and stake of the Evans Quartz Claim.

Commencing at the south center end stake, which is also the north center and stake of the South Pole G. Claim, the south center line bears East 300 feet to a large such tree marked south center and stake of the Evans Quartz Claim, which tree is also the north east corner No. 1 of the South Pole G. Claim, hence N. 20° E. for 1500 feet to a tree marked north east corner No. 2 Evans G. Claim, hence West 300 feet to north center and stake. Hence west 300 feet to north west corner No. 3 Evans G. That during the year 1915, there has been expended upon each claim, the sum of Seven Hundred dollars, which sum was expended by us for work done for the purpose of holding the said claims, and that we hereby do make this statement in the presence of our friends.

DATED: October 11th, 1915.

T. L. Sullivan.

J. R. Dagum.

Notary Public for Oregon.
Filed for and Notice is hereby given, that I, M. B. Brunell, an undersign citizen of the United States, have on this 15th day of October, 1910, discovered and located a vein of coal-bearing rock in place, carrying gold and silver, which vein I have named "Manual W." That the course of the vein is Eastwardly and Westwardly, and that I claim 100 feet Eastwardly and 100 feet Westwardly of the discovery monument on which the notice is posted, and that I claim 200 feet on each side of the center of the vein. That said claim is located in the organized mining district, Baker County, Oregon, the discovery monument being placed 100 feet West from East line of discovery shaft, and is bounded and described as follows:

Commencing at the discovery monument, thence Eastwardly 100 feet to West center stake, thence Northerly 200 feet to S.E. corner stake, thence Westwardly 100 feet to N.W. corner, thence southwardly 200 feet to West center stake, thence Northerly 200 feet to S.W. corner, thence Eastwardly 100 feet to S.E. corner, thence Southwardly 200 feet to East center stake, thence Westwardly 200 feet to N.W. corner, thence Southwardly 200 feet to W.S. corner, thence Westwardly 100 feet to West center stake, thence Eastwardly 100 feet to place of beginning.
