

recent workings acquired
 about 200 ft of depth.
 600 ft of tunnel in ledge
 also a tapping of 600 ft about
 60 ft from surface.
 Tunnel size 4 1/2 by 6
 Small black with shape of cabin
 Cost of development work 10,000.00
 vein 9-12 ft
 1,000 tons of ore on dump
 ready for tapping
 can drive in with team to
 mine.
 Can get within 1/2 mile with truck
 very little cost would finish road
 to mine.
 Oregon lumber Co. has narrow
 gauge road running within
 1/2 mile under construction
 we think the whole ore
 average at the present depth 5.00
 gold content about \$10.00
 silver copper and other
 metal - 10.00
 conservative estimate
