

TUCKER HILL, T.34S., R.19E., LAKE CO., ORE.

BASE TAKEN FROM A MAP IN THE ZX RANCH OFFICE.
THE ORIGINAL MAP WAS MADE IN CONNECTION WITH AN
EARLY RECLAMATION PROJECT.

ONLY ADDITIONS TO THIS BASE ARE THE DASHED LINE
AND THE VERTICAL NUMBERS THEREON. THE DASHED
LINE IS OF SKETCH ACCURACY AND REPRESENTS THE
APPROXIMATE TREND OF THE RIM OF THE HILL IN
THE OTHERWISE UNMAPPED AREA. THE VERTICAL NUM-
BERS ARE ANEROID ELEVATIONS. TRACING AND ENTRIES
BY N.S.WAGNER, JULY, 1949
