Sheet No. 1

PLAT OF THE CLAIM OF
Farago Gold & Copper Mining Company,
KNOWN AS THE
Fargo Group of Quartz Claims

By James (Unorganized) Mining District,
Wallowa County, Oregon
Containing an area of
523.36 acres.
Scale of 300 feet to the inch.
Variation 27°30' East.

 marketer August 15 to November 30, 1902

U.S. Survey, Assistant

The original field notes of the survey of the mining claim known as the Fargo Group of Quartz Claims have been examined and approved, and as are filed in this office.

A. certify that they furnish an accurate description of said Mining Claim as well, if interpreted into a patent, there is no deviation from the permission and that such reference points are made therein to natural objects or permanent improvements which will perpetuate and fix the locus therein.

Further certify that six hundred dollars worth of labor has been expended or improvements made upon said Mining Claim by claimant... and that said improvements consist of

400 Linear feet of shaft, walls 3780 ft.,
4050 ft. of tunnels,
1500 ft. of shaft,
4 ft. of shaft,
140 ft. of tunnels,
that the location of said improvements is shown upon this plat, and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that this is a correct plat of said Mining Claim made in conformity with said original field notes of the survey thereof and the same is hereto appended.

Patent issued March 27, 1907
Patent No. 44755
