STATE DEPT OF GEOLOGY
& MINERAL INDS.

Dear Sir: My husband passed away last September
and among his papers I find certificates for four thousand
and no more of Blue Creek Plover Mines Company
incorporated under your state laws.

Is there such a mine & what is its present
status now? Please tell me the worst,
if a "fline flow gone" - let me know - as
I want to list the things for Court.

Stock purchased 1902 & 1903 - G. D.
Dennis Reep - T. D. L. Kellen President of
firm of Kellen, Warner & Stewart
Sempter, Oregon.

Thanking you for a report as soon
as convenient Love
Very truly yours

Mrs. H. C. Tschudy
Smyrna, Delaware

Dear Mrs. Tschudy:

Your letter, addressed to the Commissioner of Mines at Salem, Oregon, was forwarded to us for reply.

We communicated with the Corporation Commissioner, who replied as follows:

"There was a corporation by the name OLIVE CREEK PLACER MINES COMPANY which had its principal office at Sumpter, Baker County, Oregon. It filed articles on November 21, 1901, but it was dissolved by proclamation of the Governor on January 20, 1906, for failure to file its annual reports and to pay its annual license fees. In fact, it never did file an annual report, and we do not have the names of any of its officers or directors. The incorporators were David L. Killen, W. C. Calder and Floyd Dennis. Two of those names are similar to those given in the letter received by you from Mrs. Tschudy of Smyrna, Delaware, dated November 24th. It hardly seems likely that after so long a time this stock would have any value whatsoever."

Very truly yours,

AND MINERAL INDUSTRIES
