EXPLANATION

Stream sediment sample
Dry tributary; sample not obtainable

Area of altered basalt shown on Plate I of USGS Bulletin 1122-D

Abandoned and overgrown logging road

Rock grab sample (not outcrop)
INFORMATION NEEDED: Draw to scale.
Show the actual shape and dimensions of the subject property, the size and shape of existing structures, the dimensions of proposed use, all other features of development capable of delineation. (See below for suggestions.)

If necessary to give the required detail, a separate drawing on a larger sheet of paper may be attached to this application.

Include to scale yard area, fencing, landscaping, berms for noise control, required parking area with spaces marked and surfacing noted, width and location of points of ingress and egress and driveways, size and location of signs.
Information Needed: Drawn to scale showing the actual shape and dimensions of the subject property, the sizes and shapes of the existing and proposed structures, location of existing or proposed roads, distinguishing vegetation, and outstanding topographical features.

If necessary to give the necessary detail, a separate drawing containing the above information may be attached.
