Re: Grassy Mountain – Baseline Data – Oregon Natural Heritage Resources

(Sent via e-mail to nancy@paramountnevada.com and US Mail - return receipt requested)

Dear Ms. Wolverson:

Calico Resources filed its baseline data regarding Oregon Natural Heritage Resources with Oregon Department of Geology and Mineral Industries (DOGAMI) on May 30, 2018.

DOGAMI has reviewed the baseline data report. There are no areas designated by the Oregon Natural Heritage Plan in the project study area.

The baseline data report for Oregon Natural Heritage Resources is consistent with regulatory requirements for Existing Environmental – Baseline Data included in Oregon Administrative Rules 632-037-0055(q)(D).

Please let me know if you have any questions regarding the State's review and comments.

Sincerely,

Randy Jones
Chemical Process Mining Coordinator
Oregon Department of Geology and Mineral Industries
