Re: Grassy Mountain – Baseline Data – Outstanding Natural Areas

(Sent via e-mail to nancy@paramountnevada.com and US Mail - return receipt requested)

Dear Ms. Wolverson:

Calico Resources filed its baseline data regarding Outstanding Natural Areas with DOGAMI on May 30, 2018. The Oregon Department of Geology and Mineral Industries has reviewed the baseline data report. There are no Outstanding Natural Areas in the project study area.

The baseline data report for Outstanding Natural Areas is consistent with the approved Environmental Baseline Study Work Plans, Grassy Mountain Project dated September 22 2017.

Please let me know if you have any questions regarding the State's review and comments.

Sincerely,

Randy Jones
Chemical Process Mining Coordinator
Oregon Department of Geology and Mineral Industries
