Re: Grassy Mountain – Baseline Data – Socioeconomics

(Sent via e-mail to nancy@paramountnevada.com and US Mail - return receipt requested)

Dear Ms. Wolverson:

The State of Oregon received the Calico – Grassy Mountain Socioeconomics Baseline Report on February 21, 2018.

Staff from DOGAMI, the Eastern Oregon Regional Solutions Team, Business Oregon, and Cardno have reviewed the baseline report for Socioeconomics (as noted in the attached review form), and confirm that the baseline information is consistent with the approved baseline data methodologies contained in the approved Environmental Baseline Study Work Plans dated September 22, 2017 (approved by the State of Oregon on December 7, 2017).

Thank you for this information. Please let me know if you have any questions or need additional information.

Sincerely,

Randy Jones
Chemical Process Mining Coordinator
Oregon Department of Geology and Mineral Industries
