Re: Grassy Mountain – Baseline Data – Transportation

(Sent via e-mail to [nancy@paramountnevada.com](mailto:nancy@paramountnevada.com) and US Mail - return receipt requested)

Dear Ms. Wolverson:

The State of Oregon received the Calico – Grassy Mountain Transportation Baseline Report on January 18, 2018 and a revised version on July 12, 2018.

Staff from DOGAMI, the Oregon Department of Transportation and the Eastern Oregon Regional Solutions Team have reviewed the baseline report for transportation and confirm that the baseline information is consistent with the approved baseline data methodologies contained in the approved Environmental Baseline Study Work Plans dated September 22, 2017 (approved by the State of Oregon on December 7, 2017).

Please note, the attached Calico Data Review Transportation DOGAMI 07.19.18 form incorporates the comments received so that Calico can address them in a complete Consolidated Permit Application.

Thank you for this information. Please let me know if you have any questions or need additional information.

Sincerely,

Randy Jones  
Chemical Process Mining Coordinator  
Oregon Department of Geology and Mineral Industries
