Well Condition: See Attached

This well is temporarily abandoned. GEO requests that the well be allowed to remain open until Spring 1989. A drilling rig and associated equipment will be moved in at that time to drill the deep exploration well. By abandoning N-1 at the same time, the cost and environmental impacts of abandoning the well will be minimized.

16. DESCRIBE PROPOSED OPERATIONS (Use this space for all activities other than well work)

17. I hereby certify that the foregoing is true and correct
