HISTORY OF OIL OR GAS WELL

Operator: American Gasar Petroleum
Well No.: Crennellbach 30-33
Field: Columbia Co., Oregon
Date: October 28, 1980

It is of the greatest importance to have a complete history of the well. The form is recording the history of all important operations in the well, together with the state thereof, given for the first production. It is necessary to have a complete history of the well so that the information can be used for future reference, in planning, number of times or number of times that certain rules will help or not, and in predicting the effectiveness of any future treatment or observation. If the well is not observed, data, name, position and completion of data.

Date: If flags or bridges were put to test for water, state kind of material used, position and results of pumping or boring.

See Attached Chronological Report from 10/21/80 to 10/28/80
