Well No. Hickey 9-12, Sec. 9, T. 12S R. 2W W.B. & M.
Signed *John F. Sindelar* Linn Co., Oregon
John F. Sindelar
Date 4/30/81 Title Division Drig. Supt.
(President, Secretary or Agent)

It is of the greatest importance to have a complete history of the well. Use this form in reporting the history of all important operations at the well, together with the dates thereof, prior to the first production. Include in your report such information as size of hole drilled to cementing or landing depth of casings, number of sacks of cement used in the plugging, number of sacks or number of feet of cement drilled out of casing, depth at which cement plugs started, and depth at which hard cement encountered. If the well was dynamited, give date, size, position and number of shots. If plug or bridges were put in to test for water, state kind of material used, position and results of pumping or bailing.

Please see attached Chronological Report.
