Submit notices in triplicate before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Department or agent, of the plan submitted.

Portland, Oregon, July 18, 1957

Department of Geology and Mineral Industries
Portland, Oregon

Following is a report on the work done and the results obtained.

Lloyd Corporation
Lease
of sec. 12, T. 2 N., R. 2 W., W.B. & M., field, Multnomah County. The dates of this work will be July 18, 1957.

Notice of intention to do the work was submitted by letter on July 18, 1957. Approval of the proposed plan was obtained.

The present condition of the well, including complete casing record, is as follows (Use additional sheets as needed):

10-3/4" casing cemented from surface to 608 feet.

9" hole from 608 feet to 1666 T.D.

FOLLOWING IS A COMPLETE DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED (USE ADDITIONAL SHEETS AS NEEDED)

1. Lay a 100-sack cement plug between 548 and 708 feet.
2. Lay a 10-foot cement plug at the surface.
3. Place a steel plate at the surface.
4. Weld an iron bar (4' long) in upright position on steel plate.

Last produced Dry hole

Approved July 18, 1957

No exceptions.
