## PART 2 - REPLACED STRUCTURES

6. Did the district REPLACE any school structures with new buildings during the reporting year?

**Yes**  If yes, be sure to complete a separate seismic feedback form for EACH structure that was replaced.

**No**  If no, go to page 3.

- **i.** Name and address of the school where structure was replaced

- **ii.** Exact structure or structures that were replaced (for example, gymnasium, main building, etc.)

- **iii.** Type of replacement building (for example, tilt-up, masonry, wood frame, etc.)

- **iv.** Maximum occupancy of new structure

- **v.** Date the new structure became occupied
PART 3 - MODIFIED STRUCTURES

7. Did the district MODIFY an existing school building in a manner that may affect the seismic risk category of a school?

Yes ☐  If yes, be sure to complete a separate seismic feedback form for EACH structure that was modified.

No ☐  If no, you are finished. Please go to page 1 for submittal instructions.

i. Name and address of the school where structure was modified

Cheldelin Middle School
987 NE Conifer Blvd
Corvallis, OR 97330

ii. Exact structure or structures that were modified (for example, gymnasium, main building, etc.)

1/2 of main building and the gymnasium

iii. Type of modification to the building (for example, awnings anchored, structural reinforcement, etc.)

Roof diaphragm anchored to the wall structure, lateral bracing as needed by placing plywood under roofing material

iv. Date the structure was re-occupied after modification

September 1, 2015

c. Optional: Submit a copy of the seismic rehabilitation or structural engineering report

Please attach to email when you submit this form.

d. Optional: Cost and method of seismic rehabilitation funding (grant through Seismic Rehabilitation Grant Program, local school bond, etc.)

Risk Management Fund

Thank you! Please return to page 1 for instructions on submitting this form.
